SYNTHEMED COMPLETES \$1.0 MILLION EQUITY PLACEMENT

ISELIN, NJ (October 1, 2009) -- SyntheMed, Inc. (OTCBB: SYMD), a biomaterials company engaged in the development and commercialization of anti-adhesion products and other surgical implants, announced today that it has completed the initial closing of a private placement in which it received \$1.0 million in gross proceeds.

The transaction involved the issuance to investors of five million units at \$0.20 per unit. Each unit consists of one share of common stock and one four-year warrant entitling the holder to purchase one share of common stock at \$0.20 per share. The transaction was placed through an agent with a consortium of European investors. The Company is authorized to raise an additional \$1.0 million in the private placement on the same terms. The proceeds will be used to fund operating expenses including marketing and regulatory costs in support of the REPEL-CV™ Bioresorbable Adhesion Barrier franchise.

The securities offered in the private placement have not been registered under the Securities Act of 1933 and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

About REPEL-CV

REPEL-CV is a bioresorbable adhesion barrier film designed to be placed over the surface of the heart at the conclusion of an open-heart surgical procedure to reduce the extent and severity of adhesions (scar tissue) that form between the surface of the heart and opposing tissue surfaces following the surgical procedure. It is designed to perform the therapeutic task and then degrade so that it is cleared from the body.

Statements in this press release that are not statements of historical fact constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties and other factors, which may cause the actual results, performance or achievements of the company, or industry results, to be materially different from any future results, performance, or achievements expressed or implied by such forward-looking statements. Such risks and uncertainties include but are not limited to (i) potential adverse developments regarding the company's efforts to obtain and maintain required regulatory approvals; (ii) potential inability to secure funding as and when needed to support the company's future activities and (iii) unanticipated delays associated with manufacturing and marketing activities.
